

QUALITY, ENVIRONMENTAL AND SOCIAL RESPONSIBILITY POLICY

PORTACELI (company dedicated to the production and sale of bathroom mirrors) declares its commitment to develop a management that guarantees the quality of its products and services, with a commitment to respect and protect the environment and applying a policy of corporate social responsibility.

PORTACELI's management is committed by the establishment of this policy to comply with the following principles:

- Comply with both legal and regulatory requirements and others subscribed by the company, related to quality, environment and social responsibility that may be applicable, committing to comply with them.
- To develop all activities within a framework of environmental protection, which promotes the conservation of the environment in those areas where our activities are developed and the prevention of pollution.
- To promote and deepen business decisions linked to the protection of Human Rights; transparency and responsibility in the face of corruption; and commitment to the creation of quality employment and the economic development of the community.
- To enhance the development of the people who make up the PORTACELI team through training and awareness, in order to achieve the objectives of quality, environment and social responsibility.
- To provide and maintain a working environment that is safe and adequate in terms of facilities and labor welfare provisions.
- Efficient use of natural resources, raw materials and energy.
- Maintain communication channels with our suppliers and interested parties to inform and collaborate in the compliance and improvement of the requirements of our products, in quality, environmental and occupational safety actions.
